1st Annual Golf Tournament at SeaCliff Country Club benefits Huntington Beach families

Huntington Beach, CA - **Community Care Health Centers (CCHC)**, the largest stand-alone nonprofit health center in Orange County, was the beneficiary of the 1st Annual CCHC Golf Tournament held at the SeaCliff Country Club Friday, April 7, 2006. The tournament was a tremendous success – 160 golfers enjoyed the beautiful country club atmosphere and raised thousands of dollars in large part to local sponsors and the visionary partnership of SeaCliff Country Club and Winn Grips. The proceeds from the golf tournament will immediately be utilized by Huntington Beach families who rely on CCHC's professional medical, dental and counseling care.

The support and community awareness that SeaCliff Country Club and Winn Grips generated in addition to the proceeds earned from the entire day, including silent and live auctions and raffle activity, was spearheaded by co-chairs Travis Brasher and Mike Grumet. The Golf Committee was also very instrumental in ensuring that all proceeds raised will provide additional medical check-ups for newborn babies and their mothers in 2006 or ensure that access to medical appointments for chronically ill people who might not otherwise receive medical treatment is readily available.

Philanthropic partnerships allow CCHC to continue promoting a healthy mind and body in a healing and affordable environment. Because a very great need exists in Huntington Beach, and while CCHC is proud of their achievements - 65,000 visits from 20,000 unduplicated patients with the widest range of primary care, mental health, dental and outreach services - there is still much work to do. Ongoing support from community and corporate leaders makes a difference!

To find out more about how CCHC is addressing the growing need for high quality, affordable and accessible health care to families in Huntington Beach, please call Selina Hudgins at (714) 375-2272, or email her at shudgins@hbclinic.org.

About Community Care Health Centers

In the fall of 1969, 10 teachers and mental health interns came together to address the overwhelming health care need in Orange County. Each person put \$20 on the table and for \$200 they opened a store front office and what is now Community Care Health Centers was born -- its chartered mission: to lead in providing high quality, affordable, accessible health care to people in need. This mission remains the same today. CCHC is a critical component of Orange County's health care safety net, and is one of the leading non-profit health providers in the county to combine 'wrap-around' services with core medical services such as primary care, obstetric and gynecologic care, pediatric care, mental health, dental care, and pharmaceutical services -- thus providing a true 'medical home'. CCHC is the only Federally Qualified Health Center "Look-Alike" in Orange County.
